

BRAINERD DAILY DISPATCH.

VOLUME 6, NO. 15.

BRAINERD, MINN., WEDNESDAY, JUNE 20, 1906.

PRICE TWO CENTS

ACTIVE, EARNEST, PERSISTENT EFFORT

GENERALLY NECESSARY TO DISLodge AN ENEMY.

Energetic, persevering action is generally necessary to overcome the obstacles and attain great and noble ends in life. So, too, if one is afflicted with a dread disease which has fastened itself upon some of the organs of the body and become firmly seated as a lingering or chronic malady, active and persistent treatment is generally necessary to dislodge the enemy.

Since any medical treatment, however good it may be, must be long continued in order to be effective in old established and therefore obstinate cases, how important that the remedial agencies employed be of a harmless character. To be safe and harmless, when their use is thus protracted, they should be of such nature as to be easily eliminated or carried out of the system when they have performed their work, just as the refuse of food is carried out of the system. Most mineral medicines are not thus easily gotten rid of. Take arsenic, for instance, if introduced into the system in any considerable quantity it will lodge in the brain, liver, kidneys and other parts and there remain as a foreign body to set up irritation and disease for a long period of time if death does not sooner intervene. This is also true of most mineral medicines.

With medicines of vegetable composition it is different. They do their work by adding the natural functions of the several organs of the body for which they have an affinity, and like the refuse of our food, are carried out of the system through the natural excretories—the lungs, skin, kidneys and bowels. Thus no injury is done to the system in cases where the use of such medicines is continued for a long period of time. Especially is this true if the medicine taken is free from alcohol. It is well known, however, that even small portions of alcohol taken for a considerable period of time will do serious injury to the bodily organs and functions and especially to the brain. How important then, in choosing a medicine for treating a malady of long standing, and when medicines must, in order to cure, be perseveringly taken for a considerable period of time, that those only should be used which are known to be free from alcohol and of vegetable composition.

With most medicines put up for family use and sold through druggists, their composition is kept a profound secret, known only to those who compound and put them out for sale. Any afflicted person who buys and uses them, does so, as it were, in the dark, if not indeed at his or her peril. They may and generally do, contain a very large percentage of alcohol or cheap whiskey which thoroughly unfit them for protracted use. But this is not the worst fault of many of them, objectionable though it is. Narcotics and mineral poisons, which we have shown to be so harmful, especially when used protractedly, are contained in many of these secret compounds.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them Remedies of Known Composition. By this bold step he has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny. He has come to believe, and is willing to concede, that his patients and all who take his put-up medicines have a

perfect right to know what they are taking into their stomachs.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents; that they are made from indigenous, or native, medicinal roots of great value, the properties of which are extracted and perfectly preserved by the use of triple-refined, chemically pure glycerine of proper strength. It will also be found that the glycerine employed greatly enhances the curative principles of the several roots employed, as it is the best possible solvent of their medicinal principles, besides possessing intrinsic medicinal value of its own, being a fine emollient, nutritive, antiseptic and antiferment.

From perusing this little book of extracts, it will be found that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, the dragging-down distress in the pelvic region, the pain and tenderness over the ovaries, dries up the pelvic catarrhal drain, softens the bowels and weakens and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible where there was barrenness before, thereby brightening and making happy many thousands of women by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

LONG TERM IN PRISON

KIDNAPPER OF FREDDIE MUTH GOES TO THE PENITENTIARY FOR TWENTY YEARS.

AROUSED TO QUICK ACTION

ENORMITY OF MAN'S CRIME RESULTS IN SPEEDY JUSTICE BEING METED OUT.

Philadelphia, June 20.—Twenty years of hard labor in solitary confinement in the Eastern penitentiary is the sentence that has been pronounced on John Joseph Kean, the abductor of little Freddie Muth. The enormity of the man's crime, which had aroused the whole city, stirred the officers of the law to quick action and the swiftness with which justice moved has never been equalled in this community. Kean fell into the clutches of the law Monday afternoon about the time the courts were closing. Promptly at 10 o'clock a. m. he was photographed and measured by the Bertillon method. Twenty-five minutes later he had been arraigned before a magistrate and committed to court without bail. The grand jury quickly found a true bill and at 11:20 a. m. he was in the criminal court awaiting his turn to face Judge Sulzberger. Shortly after 12 o'clock the judge passed sentence upon him, and at 1:30 the great iron doors of the penitentiary closed behind him. In his quick trip from liberty to the solitude of Cherry Hill, the institution which Dickens made famous in his "American Notes" by condemning its system of solitary confinement, no friendly hand or voice was raised in the prisoner's behalf. If he behaves himself his sentence, under the law, will be reduced to twelve years and three months. The

court had the power to give him a life sentence.

Much sympathy is expressed for the wife and three children Kean leaves without means of support. Mrs. Kean is prostrated by the shock and disgrace that the abduction has brought upon the family. She will break up her home here and remove to New York, where she has relatives.

ENTIRE FAMILY PERISHES.

South Dakota Farmer Drives Team Into Swollen Stream.

Sisseton, S. D., June 20.—C. W. Martin, a farmer living in Minnesota township, fifteen miles north of Sisseton, brought his wife and three children, aged seven, five and three years, to see the circus. He started for home late at night and when attempting to cross the Little Minnesota river near Bossco he drove off the bridge in the dark and the whole family and one of the horses were drowned.

The river was badly swollen by the recent rains.

TROUBLE IN SANTO DOMINGO.

Revolutionists Capture the Town of Jabor, But Soon Retire.

Washington, June 20.—The navy department has received dispatches from Commander Southerland, who is in command of the United States cruiser Yankee, saying there had been serious disturbances in the vicinity of Monte Christi, Santo Domingo, and revolutionists advanced on the town of Jabor, near the Haitian border, and seized it, but soon retired to the interior.

Landslide in the Mountains.

Bellingham, Wash., June 20.—Specials to the Herald from Sedro-Woolley, Wickersham and Lookout tell of a distinct trembling of the earth in the Skagit valley at 11:30 p. m., supposed to have been caused by a huge landslide at some place in the mountains. No damage was done.

Nine Persons Injured.

Middlesboro, Ky., June 20.—A passenger train and a through freight on the Louisville and Nashville railroad collided two miles north of Middlesboro, seriously injuring nine persons.

SUBSTITUTE ADOPTED

HOUSE MEMBERS ALMOST UNANIMOUSLY IN FAVOR OF NEW INSPECTION BILL.

MEETS PRESIDENT'S WISHES

OBJECTIONABLE FEATURES OF FORMER AMENDMENTS HAVE BEEN ELIMINATED.

Washington, June 20.—With practical unanimity the house adopted the substitute amendment for the Beveridge amendment to the agricultural appropriation bill relating to meat inspection, the objectionable features of the former amendments being eliminated and the amendment perfected to meet the wishes of the president. An effort was made to extend the time of debate but Mr. Wadsworth, chairman of the committee on agriculture, desiring to get the bill into conference as soon as possible, objected to the granting of additional time, although nearly an hour was consumed in the explanation and debate upon the measure. After the adoption of the amendment the bill was sent to conference, the conferees being Mr. Wadsworth, Mr. Scott (Kan.) and Mr. Lamb (Va.).

Immediately after the disposition of the agricultural appropriation bill, bills under suspension of the rules were passed. Among the more important were the bill in relation to the immunity of witnesses in government cases; to establish the standard of value, and to provide for a coinage system in the Philippine Islands and granting the right to the city of St. Louis to erect a free bridge across the Mississippi river at that point.

Through the efforts of Mr. Champ Clark of Missouri and Mr. Williams of Mississippi, the bill known as the subsidiary silver coinage measure failed of securing enough votes to pass it under the rule.

FAVORS LOCK TYPE CANAL.

Senator Knox Delivers an Address in Support of That Plan.

Washington, June 20.—Senator Knox addressed the senate at length in support of the lock type of the Panama canal, contending that in point of feasibility and economy it is far superior to the sea level plan. He took issue with Senator Kittredge as to the safety of the Gatun dam.

The agricultural appropriation bill containing the meat inspection provision was received from the house and the house substitute ordered printed for the information of the senate. The senate ordered another conference on the naval appropriation bill.

WOULD REMEDY THE DEFECTS.

Congress Worried Over Interstate Commerce Law.

Washington, June 20.—The recent failure to convict the beef packers in Chicago of conspiracy under the interstate commerce law because of the claim of immunity set up by them and sustained by the court has given congress no end of anxious moments with a view of enacting some law that will remedy the defects from which the government suffered by reason of Judge Humphrey's decision. The senate passed a bill on the subject which the house also has passed inserting an entire new bill after the enacting clause. It will now go to conference.

Referring to the criticism that has been heaped upon Judge Humphrey because of the decision, Mr. Littlefield (Me.) said there was justification for the decision under the uncertainty that exists upon the subject of immunity granted witnesses under the interstate commerce law and the law establishing the department of commerce and labor. The public followed the lines laid down by Attorney General Moody in that respect.

DOES IMMENSE DAMAGE.

Fire at Pollock, La., Destroys Property Valued at \$300,000.

New Orleans, June 20.—Special dispatches from Pollock, La., a lumbering town, tell of an all night fight against a fire, which did about \$300,000 damage, destroying 12,000,000 feet of lumber, part of the Iron Mountain trestle across the Big creek, eighteen homes and one hotel.

Grand American Handicap.

Indianapolis, June 20.—Three of the 210 marksmen who faced the traps in the preliminary event of the Grand American handicap tied for first place, each scoring 193 breaks out a possible 200. These are J. L. D. Morrison of St. Paul, J. A. R. Elliott of Kansas City, and W. Huff of Macon, Ga. Eight others scored 190 or better.

ARRIVE AT TRONDHJEM.

New Norwegian Rulers at the Ancient Capital of Haakon the Good.

Trondhjem, June 20.—King Haakon VII., his queen and his son are now in the ancient capital of Haakon the Good, where Norway was first created a nation. They arrived at 6:30 o'clock p. m. in the gunboat Heimdal, amid scenes of picturesqueness. The elaborate preparations for their reception had hardly been completed before crowds began to congregate along the route of the procession from the pier to the palace, on the breakwater and bluffs marking the entrance on the hills rimming the harbor. Expectation had made the ordinarily grave Norwegians Parisians in their gayety. They waited in the noonday sun that streams upon Trondhjem long after other suns have set.

On the pier was built a great pavilion in the old Norse form, decorated with greenery and the nation's colors, and flanked by tribunes. Around the pavilion were gathered members of the diplomatic corps from Christiania, officers of the army and navy and municipal officials. All save the latter were brilliantly uniformed.

At 6:05 o'clock the guns of the Danish warship Hekla, booming the royal salute, gave the crowds the announcement that the king's yacht was approaching. The full salute was fired and the granite walls of the fjord had not ceased echoing it before the Heimdal rounded the promontory. The crowds waited silently until the yacht entered her slip, when they broke into the short, sharp hurrahs that express Norwegian enthusiasm.

Cheer Their New Rulers.

The first figure discernible on the deck was the little crown prince, Olaf, in a white sailor suit, held high above the rail by his nurse. The king soon joined the prince and the crowd barked out another cheer, which was renewed when Queen Maud appeared.

King Haakon is extremely handsome and his tall, slender figure looked exceedingly well in an admiral's uniform.

The members of the royal family speedily landed and shook hands with the members of the diplomatic corps, the municipal officials and army and navy officers. The king conversed briefly with several of the diplomats and told the German minister, Dr. Steubel, that he was delighted with the prospective visit of Emperor William. The municipality presented an address of welcome, for which King Haakon returned his thanks. Then, taking Crown Prince Olaf in his arms, the king, accompanied by Queen Maud, entered a carriage, and, escorted by a troop of cavalry, drove to the palace through cheering crowds. Throngs of people surrounded the palace for hours and cheered the king and queen when they appeared at a window.

Although Norway is regarded as safely outside the bomb belt of Europe and a country free from violent political animosities, the Norwegian police are taking precautions to protect King Haakon and the visiting princes and other notable personages.

IN LAST WEEK OF SESSION.

Conferees on Rate Bill Will Reach an Agreement.

Washington, June 20.—From present indications the conferees on the railroad rate bill will not reach an agreement until next week, which in all probability will be the last week of the session. The purpose of withholding their report, it is said, is to avoid a repetition of the long debate in the senate, which resulted in sending the bill back to conference.

Conversations that conferees have had with members of the senate and house indicate that there are only three amendments that are giving trouble. These are the pipe line amendment, which makes pipe lines common carriers, the commodity amendment and that which requires that the interstate commerce commission shall be given five days' notice before hearings are granted upon application for injunctions setting aside orders of the commission. The controversy over the pipe line amendment cannot be disposed of by the change in the commodity amendment. The change suggested would provide that railroads, instead of "common carriers" shall not engage in carrying commodities which they produce. Another objection to this amendment is its application to lumber. Strong protests have been filed with the conferees showing that if this amendment is adopted it will ruin a number of small roads which were built for the sole purpose of getting lumber to trunk lines.

North Dakota Primary Election.

Grand Forks, N. D., June 20.—The first primary election in North Dakota under the new law was held Tuesday. The process of counting the ballots is very slow and the result throughout the state will be in doubt for some hours. The contest has been between the "Insurgent" and "Machine" factions of the Republican party. Both factions claim control of the state convention, which will be held at Jamestown on July 12.

STRANGE JUSTICE IN NEW YORK.

Man Who Took Large Sum Goes Free; Petty Thief Goes to Prison.

New York, June 20.—Freedom for a man who pleaded guilty to selling merchandise valued at nearly \$100,000 which did not belong to him and appropriating the money, and six years in prison for another who stole 25 cents were the potions meted out to two prisoners here. Henry Hirschman was a member of the firm of Hirschman Bros., jobbers in men's furnishings, in 1903 and 1904. It was alleged that the firm obtained a high commercial rating upon the strength of which they bought about \$100,000 worth of goods on credit, disposed of them on a forced sale for cash and invested the proceeds in real estate. Then they sailed for Europe.

Action taken by the creditors forced the firm into bankruptcy and last year the brothers were indicted for grand larceny. When Henry was arraigned and entered a plea of guilty, a representative of the creditors appeared in court and asked that sentence be postponed, as Henry and his brother had made partial payment and promised to make full satisfaction. Henry's brother was not brought to trial.

The man who went to prison was John Clark, who has no home. He is forty-five years of age and had served two previous sentences in Sing Sing. Clark was walking up the Bowery a week ago when he saw a barber standing in front of his shop flipping a quarter in the air. Clark sprang upon him, seized the coin and started for the nearest saloon. He had gone but a few steps when he was arrested. "I had to do this or starve," Clark told the judge, when he was arraigned for sentence. "Whenever I try to get honest work the cops knock me out."

REVOLUTION IS SPREADING.

Four Provinces in Korea in Revolt Against Japs.

Victoria, B. C., June 20.—The steamer Empress of China, which has arrived here from Yokohama, brought further advices of the revolution in Korea, which was spreading. The insurgents lost heavily at Hongju. When the Japanese blew up the city gates a protracted street fight took place, but the Koreans were helpless with their obsolete arms against the modern weapons of the Japanese. Two Japanese were killed and two wounded, and 85 insurgents killed and 175 made prisoners, including the wounded. The rebels numbered over 1,000, under Ming Chyongsik, before reported killed, but who escaped to Tokusan, where the rebels were in strength.

The rebellion has spread to four provinces, being most serious in Kong Wando, Kangneung, Uljin and Kong Daun, which were looted.

STARTLING DISCOVERIES.

Made by New York Police at the Old Stenton Homestead.

New York, June 20.—A secret closet containing two daggers and a secret room filled with silverware, clothing and bric-a-brak, are the latest and most startling discoveries made by the police at the old Stenton homestead in the Bronx, where Mrs. Alice Kinan was clubbed to death on June 8.

The secret apartment, containing a chest of silver and a miscellaneous assortment of clothing, is directly behind a room that was occupied by Mrs. Kinan. The only opening is a door made to resemble a false window, which was covered by a bureau. The plate found by the searchers is said to be worth about \$1,000. No arrest has yet been made by the officers who are investigating Mrs. Kinan's death.

Later in the day the searchers came across five trunks in another of the upstairs rooms in the house. These trunks were filled with new goods of great value, the tags on which had never been removed. The tags bore the names of half a dozen of the big department stores.

Man Who Shot a Looter Discharged.

San Francisco, June 20.—Ernest H. Denicke, a young clubman, son of E. A. Denicke, a millionaire banker, who on April 20, during the progress of the great fire, killed an unknown man on the water front, has been dismissed by Police Judge Shortall. It was shown that the killing was justified because the victim was a looter.

Gollmar Bros. Circus.

When Gollmar Bros.' Shows were exhibiting through the eastern states last summer the following was actually heard in the big tent: A typical looking old New England couple, who, after seeing the wonders in the menagerie tent, wandered into the big main circus tent. As soon as the old man caught sight of the curbed or wooden rings he exclaimed, "Well I'll be darned if them ere circus rings hain't made uv rubber!" "They hain't nuther, them's just the same kinds uv rings as alus only they've got wooden fences 'round 'em," replied the old lady in an instant. Just about that time the old man discovered that they were standing on the hippodrome track, nudged the old lady and said, "come on Mandy let's git a seat, dunt yer see we're a standin on the race course." "There yew go agin, alus a callin' things by their wrong names an' ther right behind yer stans Joel and Hannah Parkins and if they heard what yer said they'd goan' tattle it all 'round th' neighborhood" replied the old lady. "That's what they call it at th' county county fair" said the old man. "Silas Jason," replied the old lady, "yere hain't ter th' county fair now, yere at Gollmar Bros' circus an' dunt fergit to remember that this ere roadway is what the showmen call the hippopotamus track." The old couple realized that a big organization like Gollmar Bros. would not be complete without the hippodrome races. You will have a good opportunity to see existing, chariot races, Roman standing and many other trials of speed by man and beast when Gollmar Bros. Greatest of American shows all triple circus, gigantic menagerie and Roman hippodrome appear here June 23, 1906.

BURGLARS ARE IN THE CITY

Attempt Made to Enter Residence of W. S. Orne on North Tenth St. Last Night.

AT LEAST TWO IN THE GANG

Heard Mr. Orne When he Put Shells in Shot Gun and Left in a Big Hurry.

Things were doing last night around the residence of W. S. Orne. Some one rapped at the door about 11:30 and when Mrs. Orne went to the door asked if Mr. Orne was there. She replied that he was and asked who she should say wanted to see him. There was no reply, the men evidently thinking him away from home, as he often is, and they at once began to attempt to force in the kitchen door. Mr. Orne in the meantime was saying nothing but trying to put his doubled barreled shot gun together in the dark. Just as he got it in shape to slip in a shell the man at the door, who had been surging against it with his full weight, evidently heard the gun snap as Mr. Orne closed it and flew. Had he staid a few seconds longer he would have stood a good chance of getting a good dose of buckshot.

Examination this morning showed the tracks of two men, one large and the other small, in fact they looked like the tracks of a boy. Mrs. Orne saw one of the men quite distinctly and states that he was dressed in black and wore a black hat. She also thinks she could identify him by his voice.

There has been much thievery in that portion of the town this summer, B. W. Talcott, recently having a lot of tools stolen from a building on his place on Fir street. The men in that neighborhood are imitating Mr. Orne, only that they load the gun before going to bed, and some of the light fingered gentry are liable to be fit subjects for Mr. Gibson to set on if they are not careful.

EXECUTED DITCH BONDS.

County Auditor has Executed Bonds in Sum of \$18011.72 and Money will be Here in Few Days.

County Auditor Mahlum has executed the ditch bonds ordered by the county some time ago and they were forwarded to the company which purchased the same, together with a draft for the amount due. The face of the bonds calls for \$18011.72 and a premium of \$265.30 making the face of the draft call for \$18,277.02. The ditch warrants are now being called in.

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommended it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. H. P. Dunn & Co. eoddw.

For The Public

From time to time I have had inquiries regarding sanitary condition of tanks of the water wagons owned by Mr. Graham. I will state that I have inspected these tanks repeatedly, and have always found same clean and in a sanitary condition. I will further state that Mr. Graham has recently installed a plant by which he sterilizes with live steam under pressure, each tank twice a week, thereby making it impossible for the tanks to retain any impurities whatever.

JACOB BETZOLD MADE ROUGH HOUSE

Went Suddenly Crazy in West's Saloon and Flung Glass at Bar Tender.

TOOK FIVE MEN TO HOLD HIM

Officer Hurly Badly Wounded—Betzold to be Examined as to His Sanity.

Jacob Betzold, who lives at the south end of Sixth street, where he owns a good farm, made things lively around the Horseshoe saloon last evening about six o'clock. He came in and asked for a drink which the bartender handed him. After drinking the beer he threw the heavy glass at the bartender without a word. Mr. West, knowing him to be unbalanced always refused him liquor and he evidently had it in for the place. Officer Hurley was called and endeavored to take him to the lockup, but he turned on him and attacked him fiercely. Mr. Hurley was badly bruised and it finally took five men to put Retzold in the cell.

He was examined as to his sanity this forenoon before Judge Sanborn and a commission and sent to Fergus Falls. It is stated that he has heretofore been an inmate of that institution. Sheriff Erickson started for that place with him today noon.

SIXTEEN LIVES LOST.

Castle of Heir to the Throne of Bohemia Flooded.

London, June 20.—The correspondent at Vienna of the Tribune telegraphs that a terrific storm at Beserchau, Bohemia, Sunday night flooded the Knopsicht Castle belonging to Archduke Francis Ferdinand, the heir to the throne, who is now residing there with his family. The archduke was awakened from sleep by the rushing in of the waters and organized a salvage corps, despite which there was enormous damage. Sixteen lives were lost.

Four Injured by a Bomb.

Kovno, June 20.—An unknown man threw a bomb at M. Humbert, the governor of the prison here, and M. Akatoff, his assistant, while the two men were walking in the street. M. Akatoff was seriously wounded and M. Humbert and two passersby were slightly injured.

Prominent Surgeon a Suicide.

Peoria, Ill., June 20.—Dr. E. M. Sutton, the most prominent surgeon in this city and a man of national reputation, took his life by shooting himself through the head. The suicide is supposed to have been caused by momentary insanity resulting from overwork and worry.

It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nervine which will strengthen and build up the nerves. You cannot be healthy without strong nerves. "For eighteen years Dr. Miles' Nervine and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out—could not sleep; had no appetite; indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nervine, and at once I began to improve, and soon found myself in perfect health."

MRS. S. L. YOUNG, 824 Pittsburg St., New Castle, Pa. Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.
